

**Tetracaine hydrochloride**

(T-025A)

Your patch testing results indicate that you have a contact allergy to **Tetracaine hydrochloride**. It is important that you familiarize yourself with this chemical and take steps to avoid coming in contact with it.

**What is Tetracaine hydrochloride and where is it found?**

This chemical is used as a topical and local anaesthetic, frequently in the form of eye drops. Further research may identify additional product or industrial usages of this chemical.

**What else is Tetracaine hydrochloride called?**

This chemical can be identified by different names, including:

<i>2-dimethylaminoethyl 4-n-butylaminobenzoate hydrochloride</i>	<i>Curtacain</i>
<i>4-(Butylamino)benzoic acid 2-(dimethylamino)ethyl ester hydrochloride</i>	<i>Decicain</i>
<i>4-(butylamino)-Benzoic acid, 2-(dimethylamino)ethyl ester, monohydrochloride</i>	<i>Gingicain M</i>
<i>p-butylaminobenzoyl-2-dimethylaminoethanol hydrochloride</i>	<i>Menonasal</i>
<i>Amethocaine hydrochloride</i>	<i>Pantocaine</i>
<i>Anethaine</i>	<i>Pontocaine hydrochloride</i>
<i>Butethanol</i>	<i>Tonexol</i>

This may not be a complete list as manufacturers introduce and delete chemicals from their product lines.

**THINGS YOU CAN DO TO HELP MANAGE YOUR CONTACT ALLERGY**

- Be vigilant ... read the product label.** Always take the time to read the ingredient listing on product packages. This should be your first step *each* time you purchase a product as manufacturers sometimes change product ingredients. If you have any concerns ask your pharmacist or your doctor.
- Test the product first.** If you have purchased a new product you should test it on a small skin area to see if you get a reaction before using the product on larger skin areas.
- Advise people you obtain services from of your contact allergy.** This should include people like your pharmacist, doctor, hairdresser, florist, veterinarian, etc.
- Inform your employer if the source of your contact allergy is work related.** You should identify the specific source of the chemical and take the necessary steps to avoid further exposure. Protective wear may be adequate or you may need to make a change in your work activities. Both you and your employer benefit when the cause of your occupational dermatitis is eliminated.
- “Google” it.** The internet is an excellent source of ingredient information that can be searched by product, by company and by specific chemical. Some helpful independent internet links include:
  - [www.nlm.nih.gov/pubs/factsheets/factsheets.html](http://www.nlm.nih.gov/pubs/factsheets/factsheets.html)** (U.S. Dept. of Health and Human Services; alphabetic list)
  - [www.nlm.nih.gov/pubs/factsheets/factsobj.html](http://www.nlm.nih.gov/pubs/factsheets/factsobj.html)** (U.S. Dept. of Health and Human Services; subject list)
  - [www.cosmeticsinfo.org](http://www.cosmeticsinfo.org)** (Cosmetic Industry Category Ingredient Database)
